### Today's Opponents

We welcome Epsom Athletic F.C. to 'The Park' today for this 'local derby' in the Surrey Elite League. We would like to apologise for our temporary changing rooms, which are the result of our rebuild. As you can now see, the changing rooms are nearing completion. The latest information from the builders is that they should be ready by the middle of October. Having already had a 'sneak' preview inside, I can assure you the wait will be worthwhile, as the new 'Sport England' standard building, will be a massive improvement to our facilities.

## Woodmansterne Hyde F.C.

**Woodmansterne Sports Club** was established in **1921**, bringing together the local cricket and football sections, not to mention the Reading Room and Flower Show Committees.

In those days the players had to get changed under the trees that run along side the cricket boundary. Not much information is recorded but it is known that the only time football was not played competitively was during the 2nd World War. Apart from that break many years of successful adult football was enjoyed in local leagues.

In **1957** the new HQ for the Club was opened, after considerable help in its construction by local volunteers and a grant of £300 towards the building costs by the National Playing Fields Association.

In or around **1976** the club was operating four adult teams in the Redhill and District League. The club saw the first and reserve teams apply for Surrey Intermediate status with the A and B teams remaining in the Redhill League. Some six years later saw the first team and reserves rejoin the Redhill League. Many successful years followed before being promoted back to the Surrey South Eastern Combination where we remain today. You have to go back some years for the clubs last major successes

**1995/6 - Intermediate Division 3 runners up.** **1999/00** narrowly saw the first team miss out on winning the Intermediate first division when they were beaten on the final day of the season, due to results elsewhere, and goal difference, they actually finished 3rd. Winning this division would have seen the club being promoted to the then Surrey Premier League of which is now part of the Combined Counties League.

Due to dwindling player numbers **2001** saw the A and B sides disband which ended our long relationship with the Redhill League. The club decided to concentrate on the first and reserve teams and start up a Vets team. The reserves had some success over the coming years having been promoted twice in respective years having come third in their divisions. However the season of **2005/6** saw both teams being relegated which contributed to the amalgamation with Clarkson Hyde FC.

**2005** saw the Sports Club taking over the maintenance of the grounds from the Council, which will provide an interesting challenge for the members. The Club is a splendid place to play sport and socialize, and no doubt will continue to be for many years to come.
